

You're the face of an essential service. **Protect it.**

As an LBT Operator, you are on the front lines of keeping our city running. The work you do is so important, and it's our top priority to keep you safe and protect the customers who count on Transit as an essential service.

New CDC guidelines and state advisories recommend using cloth face coverings as a defense against Covid-19 and to protect others in shared spaces. Please cover your face at all times when operating the bus. If you need a mask or face shield, please visit dispatch at LBT1 or LBT2.

Proper coverings should:

- Fit snugly but comfortably against the side of the face.
- Be secured with ties or ear loops.
- Include multiple layers of fabric.
- Allow for breathing without restriction.
- Be able to be laundered and machine dried without damage or change to shape.

Take care of your covering:

- Routinely wash them using soap and warm water.
- Be careful not to touch your eyes, nose and mouth when removing your covering and wash hands/use sanitizer immediately after removing.
