

CUSTOMER ALERT

Boarding Protocol

To promote public health and safety, Rear-door boarding is now in effect on all LBT buses until further notice. Please do not approach the operator once on board. If you require boarding assistance, please use the front door.

Skip a Seat, Skip a Row and Wear a Mask.

When boarding, please look for a seat in an unoccupied row with an empty row of seats between you and other customers. You are encouraged to sit as far as possible from other customers and the bus operator whenever possible to stop the spread of COVID-19. All customers are required to wear face masks when riding the bus.

Follow more bus safety basics to protect yourself and others.
