

WELCOME ABOARD!

It is my pleasure to announce the selection of Victoria Long as the IT Project Coordinator, reporting directly to Pretty George, ED/VP, Information Technology (IT). Victoria assumed her new position on Friday, November 1, 2024.

Victoria will oversee the planning, directing, and coordinating of all IT project activities at Long Beach Transit (LBT), ensuring project goals are met within designated timeframes and budgets. She'll create comprehensive work plans for each project phase, allocate resources, assign team members, and set clear deadlines to maintain project timelines. To ensure alignment and transparency, Victoria will facilitate regular project meetings, fostering collaboration to address challenges and keep objectives on track.

With nearly four years of project management experience, Victoria brings valuable expertise to LBT. Most recently, she served as the Project Manager for Found Life Insurance Services, where she played a pivotal role in leading the development of innovative features for the company's website. In this position, she successfully fostered collaboration among diverse teams, including designers, developers, quality assurance testers, and other key stakeholders, to ensure project objectives were not only met but exceeded. Her responsibilities also included managing project budgets, meticulously tracking expenses, and implementing strategies to ensure cost-effectiveness.

Victoria can be reached at extension 4667 or by email at vlong@lbtransit.com. She is located at LBTCO at workstation 757.

Please join the President and CEO, as well as the Executive Leadership Team, in welcoming Victoria to LBT!

A blue ink signature of Elizabeth Brown, the Executive Director/VP, is located below the welcome message.
