

June 2025 Employee of the Month

Transit Service Delivery and Planning

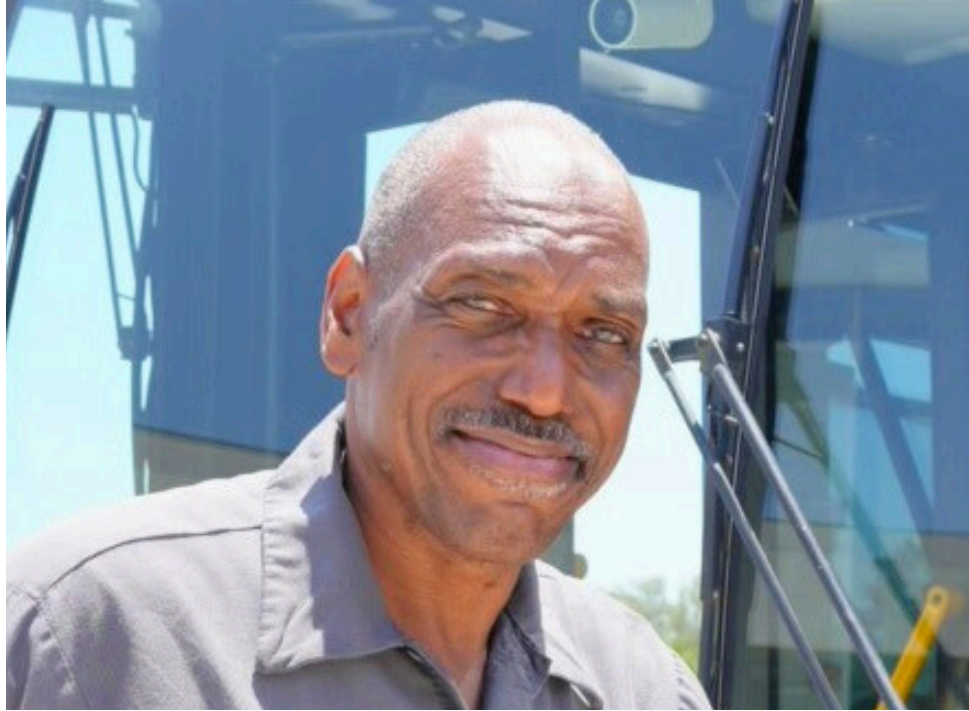

Patrick Mansy
Bus Operator

Operator Patrick Mansey has been with LBT for six years and this is his second employee of the month nomination. He is currently assigned to LBT1 and demonstrates exceptional service to our customers. His strong work ethic, reflected in outstanding performance metrics, including consistently arriving and departing on time and perfect attendance. His attention to detail and punctuality contribute to his reliability. Operator Mansey sets a strong example for his peers through his professionalism and dedication. His consistent excellence makes him a standout member of the LBT team.

June 2025 Employee of the Month

Maintenance and Infrastructure

Myron Trimble Mechanic

Mechanic Myron Trimble has been with LBT for nine years, and this is his second employee of the month nomination. He was also employee of the year in 2022. His peers and supervisors highly praise him for his leadership, reliability, and positive attitude. Assigned to LBT2, he consistently supports the swing shift crew, takes on lead duties, and offers guidance to fellow mechanics with professionalism and respect. Myron's technical expertise and willingness to help others make him a valued mentor within the team. He is proactive, detail-oriented, and critical in maintaining fleet readiness and team coordination. His work ethic and ability to uplift those around him is a testament to his dedication.

June 2025 Employee of the Month

Administrative Staff

Emily Peng Geographic Information Systems (GIS)/Intelligent Transportation Systems (ITS) Planner

Emily Peng serves as our Geographic Information Systems (GIS) and Intelligent Transportation Systems (ITS) Planner; this is her first employee of the month nomination. She joined LBT as a Service Planning Intern in December 2023 and was promoted to a full-time GIS/ITS Transit Planner in July 2024. She exemplifies LBT's mission and values through her strong work ethic, collaborative spirit, and innovative mindset. Emily quickly stepped up to support data compliance and analysis and has since led efforts to streamline workflows, automate dashboards, and validate annual ridership for key service changes.

Her use of automation has improved efficiency, supported budget planning, and strengthened fiscal accountability. She's also contributed beyond her core role, supporting multiple departments with our customers in mind. As a dedicated transit advocate, she actively represents LBT at community events and industry conferences.
